---

Thank you Bryant - I'll pass this on to our Park Service Area manager (Zack Taylor) for his feedback. Planter boxes in front of the steps are not possible. If planter boxes are closer to the curb that would be a better solution.

Hi Sandra – is it possible to have the Fix-It team work with our Park Service Area manager on this ongoing issue? Please let Zack Taylor know.

Thank you everyone,

Beverly

**Subject:** Re: Boulders needed for barrier at Mason Street steps

We've already revised the signs and signals here.

The issue is to have something physical in front of the steps when there are no parked cars on the east side of Columbus shielding the steps (such as late night street cleaning). How about planter boxes?

**Subject:** RE: Boulders needed for barrier at Mason Street steps

Hi Bryant,

Thank you for the heads up. Mr. Carnes emailed me saying that a representative from MTA told him that RPD is spearheading a fix/project. I want to be clear that RPD has not committed or resolved a solution to the Mason Street issue as we believe it is a multiple departments. Has there been additional solutions in the last few months via MTA on signage or traffic measures?

I have cc'ed Sandra Zuniga from DPW on this email as well. She was on the previous one from Mr. Carnes.

Many thanks,

Beverly

Hello Beverly,

Hope you had a great New Year! Here's the e-mail we got from DPW regarding Columbus/Mason. Rec & Park would have to fund the boulders as DPW doesn't stock any. Suggest that R&P work directly with the contacts at DPW listed below.

Bryant

I am following up with your request. Are you looking for a vendor to purchase boulders? We don't carry boulders on-hand, so it would have to be purchased by MTA.

Thanks

**Subject:** Boulders needed for barrier at Mason Street steps

Hi DiJaida,

I was given your contact as a starting point on a search for boulders (like the ones at the Hairball) to be temporarily used as a barrier at the top of Mason Street steps. I've attached an email to provide further context. If you could point me in the right direction, I'd greatly appreciate it. Thanks!!
